Price		\$649.99 Better	\$590.96
Rebates	\$50 Mail in Rebate	Better	\$0.00
Final price		\$599.99 Better	\$590.96
Computer is hardly upgradeable and has many drains on the system not to mention unknown or low quality parts			Computer is very upgradeable (up to P4 3.6, 8xAGP, Raid, Over clocking, ect.) and is much better quality. There is no drain on the system processor or memory for the graphics.
